### Job Description:

The Music Specialist will have their own designated space to lead their Music activities. The Music Specialist will have the opportunity to share their planned ideas and activities with Administration staff to help with planning and group dynamics. Campers have 1-2 Music sessions per week.

Although not required, this is a great opportunity for aspiring Music Therapists to gain valuable experience working with children with special needs and practicing strategies in real life.

The Music Specialist will also be responsible for creating and/or assisting with group performances for the end of season camp show or senior prom. These are typically done through a theme that is summer specific.

Be available to arrive at camp three days before staff orientation to inventory supplies and plan the program in order to determine what supplies will be required for the summer.

Music Specialists live in bunks with their campers. They eat meals with their group, and are responsible for the campers' safety, as well as their social and emotional well-being. Counselors must be comfortable living in a group environment and be comfortable working on daily living skills with the campers (showering, dressing, brushing teeth, etc.) Counselors must have patience, energy, and the ability to see the best in every camper. We want our campers to have a great summer, but we also want them to grow and learn new skills. Counselors need to be able to work in a team with 3 or 4 co-counselors and keep the bunk neat and organized at all times so the campers can be as independent as possible.
